ET disclosure for the Spiritual Person

***August 9, 2016 –SITE NITE Presentation,
Susan Rose- Facilitator, Bodhi Tree Magazine and HeartofPittsburgh.com***

Set intention for the evening....

1. Why are we here tonight? Do we care about this topic?

2. The Stages of Acceptance

Where are you with this?

3. YouTube video segments from

- * Neil Donald Walsh, Conversations with God

- * Stephen Greer, MD, Consciousness,

<http://www.siriusdisclosure.com/>

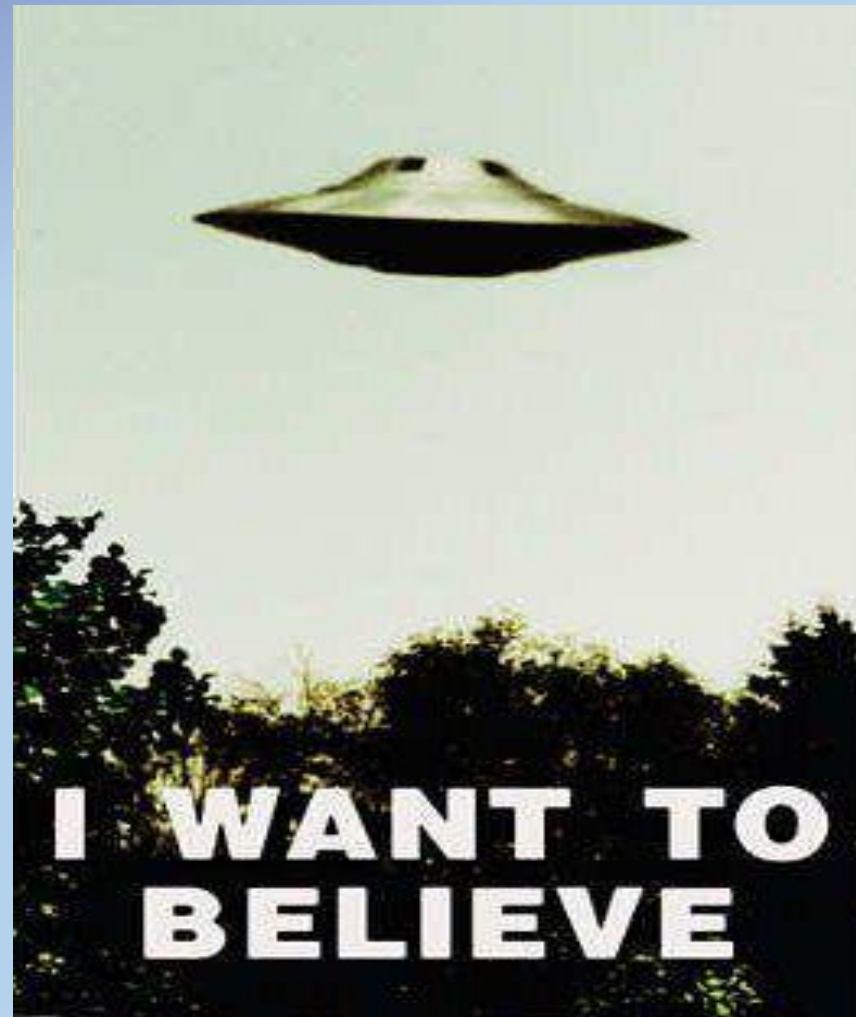

4. Thought sequencing mediation

You accept that there may have been ET visits in the past ie, bible, pyramids, even though you do not accept them in the present.

Bible, old testament story of spinning wheel, manna from heaven

(for example, reincarnation)

You also accept that there may have been ancient ET visits but not happening now.

- You see the reality of crop circles that appear too difficult to be man made.
- <https://www.youtube.com/watch?v=tMqLp50IBlc> 6 min You accept that there may be communication from afar.

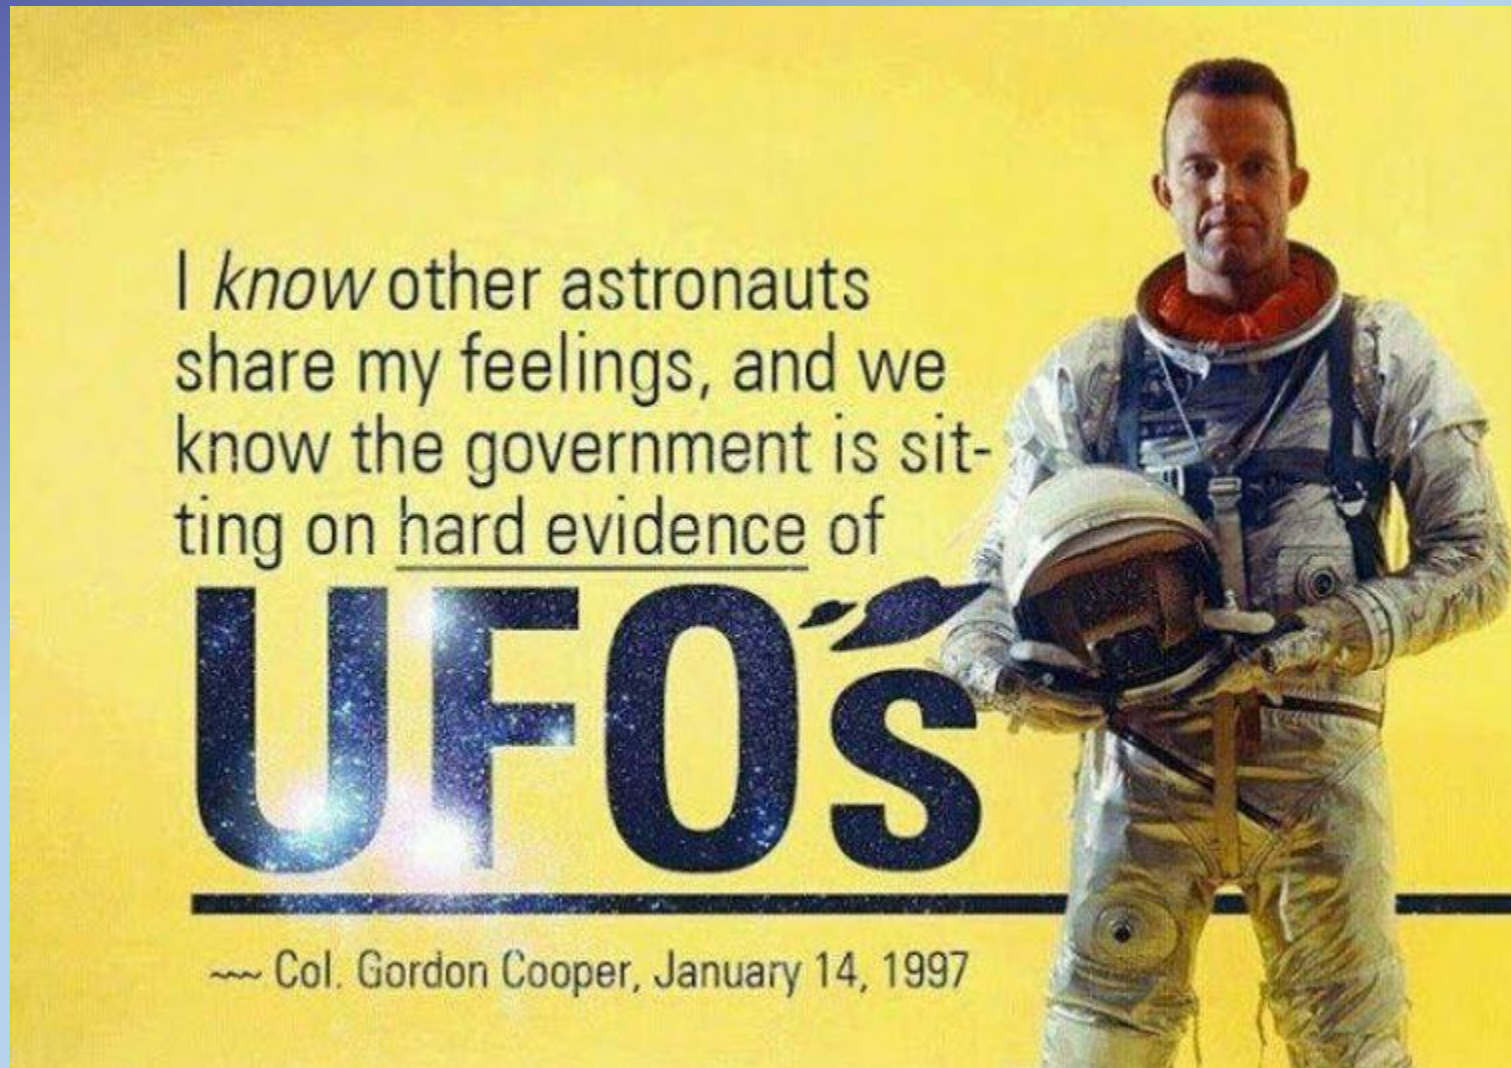

• You see evidence on other planets, such as the face on mars, possible structure looking photos.

• What is being leaked out to us in new NASA Findings? Water on Mars? Atmosphere? Are we being given very slow tidbits leading to disclosure?

Why a manned mission to Mars? What is on the dark side of the moon?

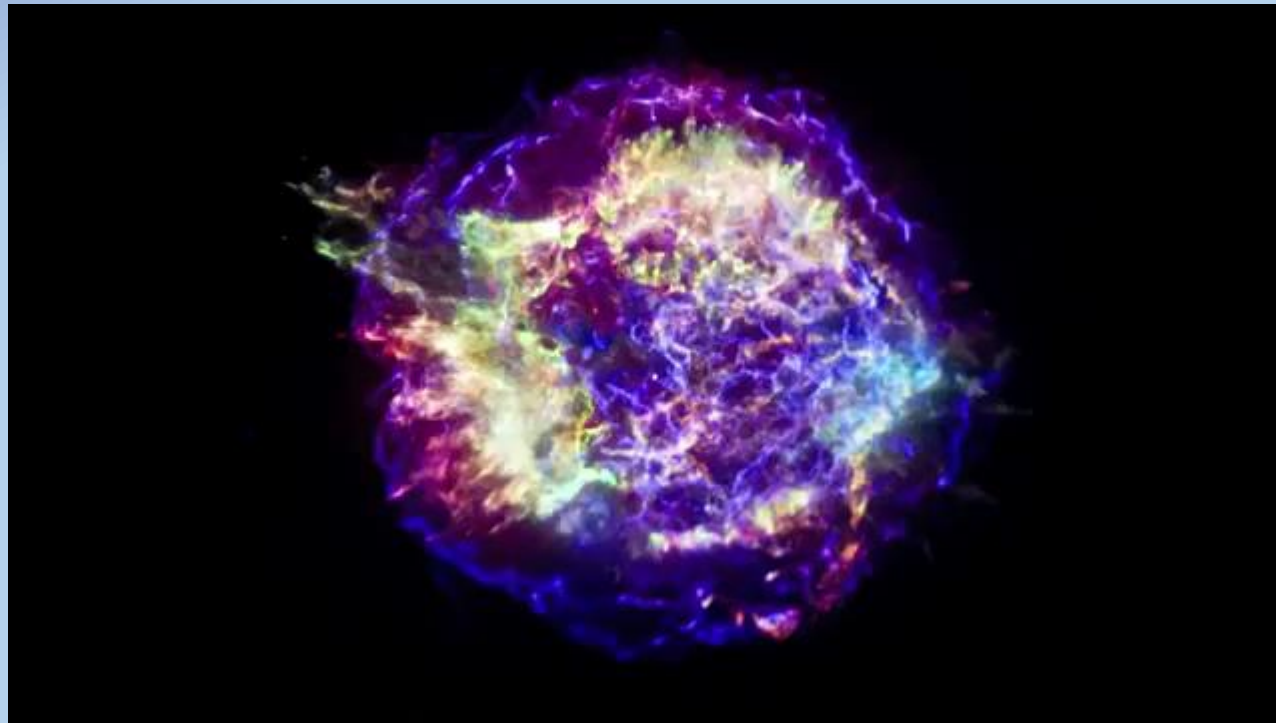

What are we not being told? Is there information or dis-information?

- Personal curiosity of the topic is now planted. You start to listen to links on the internet,
- and will attend a lecture with a friend.
- You become more interested and believe that where there is smoke there is fire... so at least some of this may be true. You wonder what is covered up. Sirius Disclosure Movie is free online.

- You become defected by some of the more negative conspiracy stories involving ET contact and you reject it all. Abductions and Reptiles. The ET story is no longer fun. “Cognitive Dissonance” takes over as protection. You begin to wonder if all this information is in misalignment or alignment with your spiritual values and truths. We don’t like every human we meet. Can we say it is normal to not like every ET we meet? Dr Greer states if they were violent we would have known about that a long time ago.

- https://www.youtube.com/watch?v=2NB_wykPjyM @ 14 min, 22 min

- You may pull back and wait, preparing to each and support others when the time is ready or when it is sprung on the masses.
- You eventually realize that being a light worker means crossing over into new dimensions of consciousness to hold the Divine presence for beings of other worlds as well as human race.

This may happen after you cross over if your time left here is short.

- You take the best of interplanetary connection and join a cosmic family to harmonize the praise of the divine throughout time and space.
- You leave a legacy of peace to the subsequent generations. Legacy.

Audience Participation.- hand raising to questions about contact.

Many in the ARE on a journey of self-mastery and spiritual growth.

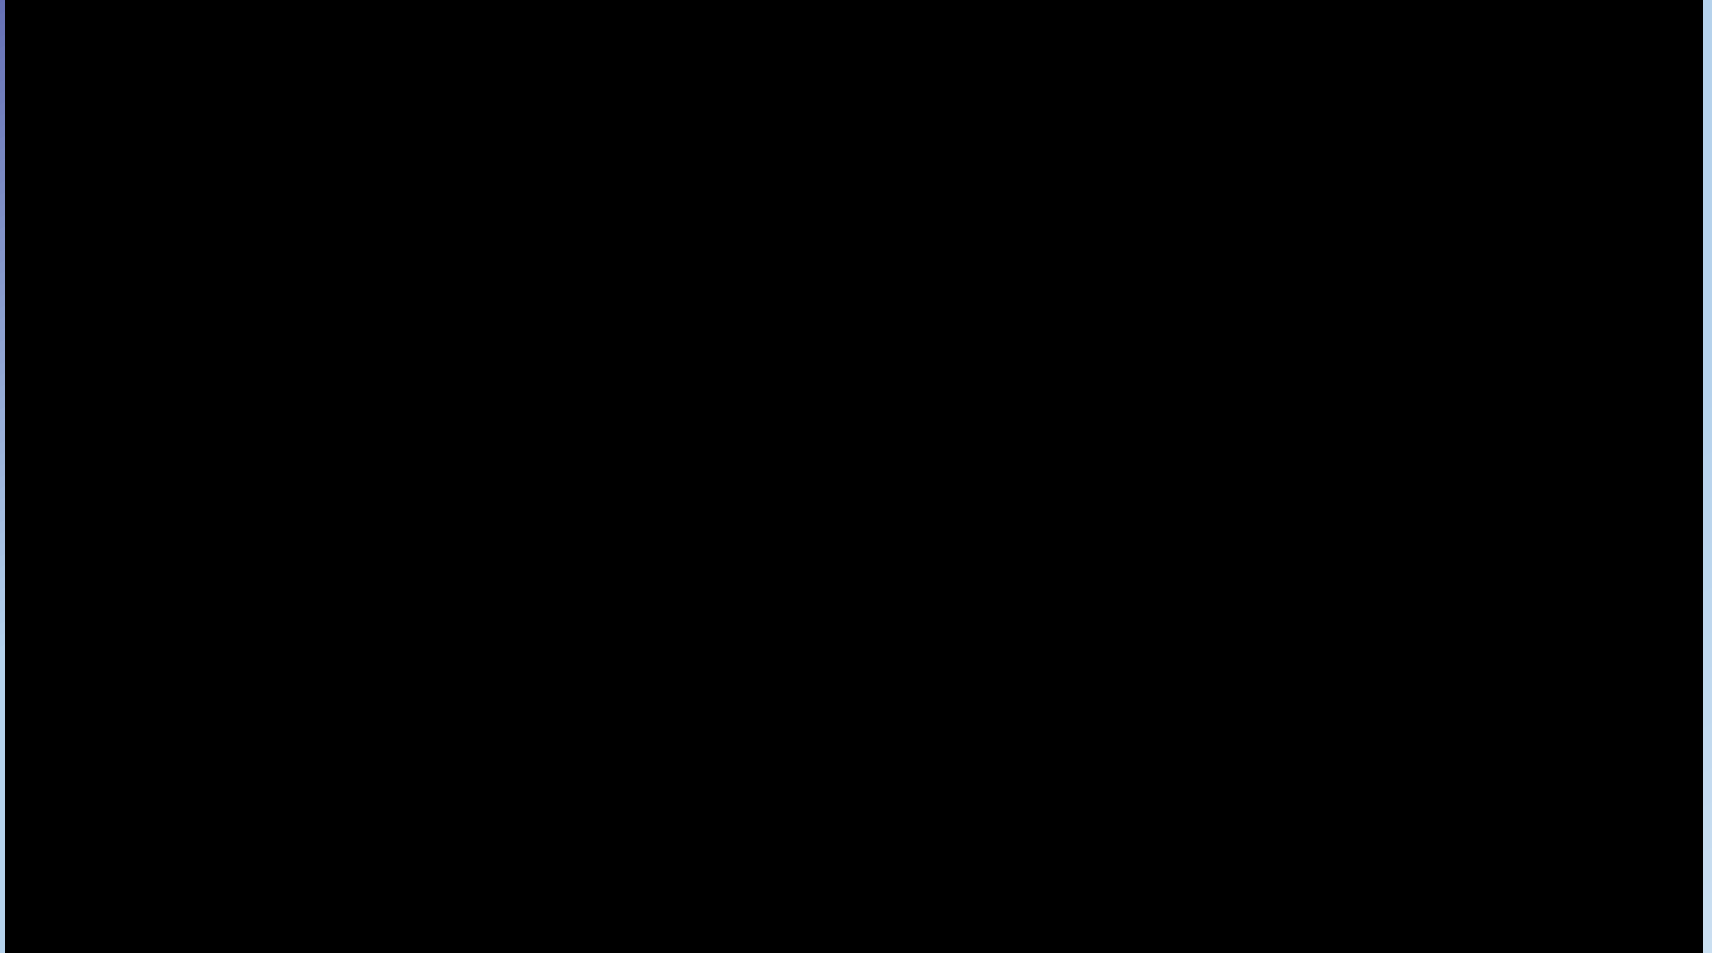

So.....Why do we care about ETs?

- To prepare ourselves spiritually for the eventuality of real disclosure and contact.
- To help our friends and family who may need help dispelling fear or panic if disclosure is precipitous.
- To untimely join the best of a comic family of spiritually advanced societies for the betterment of all and in praise to our common divine creator.

We need to prepare the consciousness of human beings for the purpose of letting ET Beings, both Interdimensional and Subterranean (living inside our planet) know that humanity is becoming awakened. It is time for us to raise our vibration and that of the planet so that we become ambassadors to the highly evolved interstellar beings rather than to deflect them away from humanity.

This paradigm shift is coming soon through disclosure and we have an opportunity to gain entry into a Star Trek like federation of beings. Have you seen the signs?

This is a no loose endeavor. Through doing the work, even if nothing happens, we will still raise our vibe and that of the planet. It is as a win-win situation!

On the beach...making contact

“in all our searching the only thing that makes the emptiness bearable is each other”

<https://www.youtube.com/watch?v=7yDi7GMa2sg> 4 minutes

- when you stop struggling in unsure waters and just relax, you float. And then you realize that the water was not your enemy, it was actually the cosmic vehicle carrying your life raft to exactly where you need to be- for the next lesson. It is a matter of trusting the Universe or Universal Consciousness to guide you, and of which, Star Guides or teachers are also, all connected. We are one.
